Mike founded Kelley Financial Services back in 1991, which is now known as Independent Planners Group. Mike has been in the insurance industry for decades, both as an independent agent and a wholesaler, and truly understands what it takes to be a strong support network for both sides of the business. Mike's solid relationships with the best-of-the-best in the industry have helped him grow IPG to what it is today.

Mike and his wife Patsy live in Carefree, AZ. They have two sons, Chris and Brian. Mike and Patsy enjoy spending time with their grandchildren, traveling the world, and catching up with dear friends along their travels.
