## PLAN HIGHLIGHTS

When you add disability income insurance to your financial plan, you're not only taking an important step toward securing your income during working years, you're giving yourself a plan to help keep your life on track. The risk that matters most is *yours*.

This product may be right for you if you are between the ages of 18 and 61, working at least 30 hours a week and you want to help protect your income and your assets against the threat of a long-term disability.

### Premium Structure

Your initial premium will be based on your issue age, tobacco status, gender, occupation, benefit period, elimination period, monthly benefit amount and any optional coverage selected. Before age 67, your premium may be changed, but only if the same change is made to all policies in the same class. After age 67, premiums will increase annually until the policy terminates, and may also be changed on a class basis. In no event will your premium increase during the first 12 months.

### Premium Savings\*

\*Premium savings are not available in all states.

### Renewability

You are guaranteed the right to continue your coverage until age 67. During that time, we cannot cancel your policy as long as you pay the required premium when it is due. After age 67, you may continue your coverage to age 75 if you continue to work full time and pay the necessary premium when due.

### Elimination Periods

The elimination period is the number of days you must be totally disabled, proportionately disabled, or any combination of the two before we will begin to pay you benefits. The available elimination periods are 60, 90, 180 or 365 days.

### Total Disability Benefits

If an injury or illness prevents you from performing the material and substantial duties of your regular occupation, and you are not gainfully employed in another occupation, we will pay you a monthly benefit once the elimination period has been met. If an injury or illness prevents you from performing one or more of the material and substantial duties of your regular occupation, or you are unable to perform such duties for as much time as it would normally take you to do them, and your loss of monthly income is at least 20 percent, we will pay you a percentage of the total disability monthly benefit that is proportionate to your loss of income once the elimination period has been met. These benefits are payable for up to 24 months.

If you die while you are disabled, we will pay your beneficiaries a lump sum amount equal to three

times the total disability monthly benefit payable at the time of your death.

### **Terminal Illness Benefit**
