

Peace of Mind for Attorneys

Whatever your legal specialty, you help people every day. Have you considered who would help you, if you were unable to work for a prolonged period of time?

Of course you plan on taking care of yourself and staying healthy. Unfortunately, the unexpected does happen. How would you manage financially if an unexpected event such as a car accident or illness keeps you from working for a few years? Who would take care of your mortgage or rent, your loans, groceries and all your living expenses?

Disability can affect your whole lifestyle because without dependable income, you face the possibility of losing everything you have worked hard to create.

What Are The Odds?

You may be surprised that just over one in four of today's 20-year-olds will become disabled before reaching age 67.¹ And the length of disabilities has been increasing. Look for your age group below.

Average Duration* of Disability in Years
