

## Could it happen to you?

No one wants to think about sustaining an injury or becoming seriously ill and being unable to work, but it could happen to you. Besides the physical challenges, not being able to earn a paycheck – even for a short period of time – can impact your life for years to come.

# Protecting your most valuable asset

## What's your most valuable asset?

- Home
- Business
- Automobile
- Retirement fund

### *None of the above!*

Far more valuable than any possession is **your ability to work** and earn a lifetime of paychecks which fund:

- ✓ The mortgage
- ✓ Car expenses
- ✓ Medical care and health insurance
- ✓ Credit card payments
- ✓ Utilities
- ✓ Child care
- ✓ Groceries
- ✓ Retirement and college savings

## What if you were injured or seriously ill and couldn't work?

### How would you pay your bills?

#### **Drain savings and retirement accounts –**

But how long would that money last?

**Get by on your spouse's salary –** Maybe, but if you're like most families, your monthly bills depend on two incomes.

**Borrow money –** Without an income, it might be hard to qualify for a loan.

#### **Sell your home, car or other assets –**

But then what?

#### **Depend on Social Security disability –**

Not necessarily. Social Security follows a strict definition of disability. To be considered disabled under Social Security, you must be unable to perform work that you did before and deemed unable to adjust to other work because of your medical condition(s). Further, your disability must have lasted or be expected to last for at least one year or to result in death. If your application is approved, there is a six-month elimination period before Social Security benefits begin<sup>1</sup>.

### Plan now!

AssurityBalance<sup>®</sup> Simplified Disability Income (DI) Insurance can help protect your financial stability if you are unable to work due to a disability. The policy pays you a monthly benefit to help you pay your bills until you get back to work. Our DI policy can also be structured to work with any group DI you have from your employer to provide you with 100 percent of your salary if you become disabled. You choose the length of the benefit period – six months, one or two years.

*Protecting your paycheck is what disability income insurance is all about!*
